Company Profile

Gulf Worldwide Distribution FZE is one of the Largest and most established Distributors of [Bearings](#), [Lubricants](#), [Batteries & Automotive Parts](#) and their related services in the Middle East .Since 1969 our Company has been engaged in providing high quality products for various [Industrial](#), [Automotive](#) and [Agricultural](#) applications.

We have succeeded to establish a reputation for providing a seamless relation between our sales partners and the manufacturers we represent. Our state of the art stock management systems, product application expertise, engineering and services support as well as on time global delivery services ensures complete satisfaction for our channel sales partners.

Our Global Network of Sales Partners Covers over [77 Countries](#) worldwide in [Asia](#), [Middle East](#), [Africa](#), [South America](#) and [Europe](#). Our Head office is Located in the Jebel Ali Free Zone in Dubai in the United Arab Emirates and we have [Regional Offices in India](#), [China](#), [Argentina](#) and [Romania](#). We are constantly striving to get closer to our customers.

We are currently focused in [Bearings](#), [Lubricants](#), [Batteries](#), [Automotive Parts](#) for the after-market.

Bearings

Koyo

Koyo Seiko Co., Ltd. and Toyoda Machine Works, Ltd. merged on January 1, 2006, and have made a new start as JTEKT Corporation. JTEKT is the manufacturer of Koyo branded bearing products. Today JTEKT consolidated sales are over 944 Billion JPY (12.42 Billion USD) having over 36,000 employees and comprising of 136 group companies spread all across the globe. It is the global leader in automotive bearings and Industrial Bearings.

Celebrating over 35 Years with Koyo

The Schaeffler Group is a global automotive and industrial supplier with the main brands FAG, INA and LUK. By delivering high-precision components and systems in engine, transmission, and chassis applications, as well as rolling and plain bearing solutions for a large number of industrial applications, the Schaeffler Group is already shaping “Mobility for tomorrow” to a significant degree.

Schaeffler is one of the world's largest family companies and, with approximately 170 locations in over 50 countries

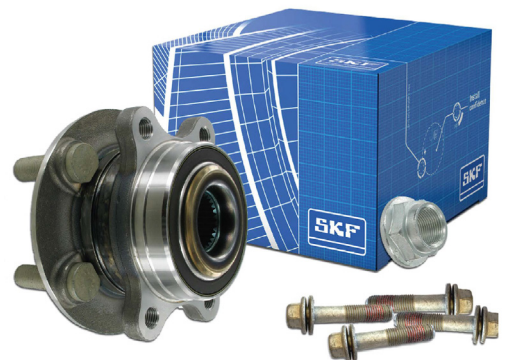

Gulf Worldwide Distribution FZE is the Distributor of FAG & INA for U.A.E.

Authorized Distributor

SKF Knowledge has helped develop industries and improve everyday life since 1907. SKF has been a trusted OE supplier to the world's top car manufacturers around the globe. SKF's product portfolio for the automotive aftermarket includes wheel end, engine, drivetrain and suspension components which are complemented by a range of special tooling and lubrication products. We are the Authorised Distributor for SKF Automotive bearings and grease products with a large stock of SKF bearings and SKF lubricants catering to the UAE Automotive Market

Authorized Distributor

Bearings

IKO

IKO was the first company in Japan to initiate technical developments on the Needle Roller Bearing. Nippon Thomson Co. Ltd was established in the year 1950. These words — Innovation, Know-how, and Originality — capture company creed and are the inspiration to the brand name, IKO. They are manufacturers of Needle Roller Bearings, Linear Motion Rolling Guides, Precision Positioning Tables and Machine Components

Regional Distributor

Estd. 1983
DPI
BEARINGS

DPI is one of India's Largest bearing brands exported worldwide with Sales Partners in more than 70 countries. Our Global Production Base consists of over 40 Manufacturing sites worldwide. All products strictly follow all the latest ISO Standards and cover a comprehensive range of 4800 types of Industrial, Agricultural and Automotive bearings.

Manufacturing

DPI GOLD Super Precision bearings are designed to deliver the highest levels of accuracy, rotational speed, and rigidity needed for demanding applications at an economical cost level.

ZWZ

Exclusive Agents & Distributor

ZWZ is the 8th largest bearing manufacturer in the world and the No. 1 bearing manufacturer in China. It has 22 production plants spread over 6 industrial parks.

ZWZ has joint ventures with SKF, Koyo and THK. ZWZ manufactures entire range of industrial bearings of upto 6 M in diameter.

Automotive Parts

Automotive Parts -Automotive Parts- Offering the Best at Affordable Prices Backed by over 35 years of Manufacturing and Trading experience, we now bring you range of Automotive parts for Japanese and Korean applications, sourced from Quality rated suppliers, manufactured to satisfy.

Japan - MRK bearings, TE Bushes, Osaka Fasteners, Zexel* Nozzle/Plungers.

Malaysia - DPI - Platinum Starters, Alternators, Brake Pads & Shoes, & Sankei Roki Filters.

U.S.A. - Lion car Care products.

China - DPI - Torch Spark Plugs, DPI Shock Absorbers & DPI Brake Disc Rotor.

U.A.E. - Sharlu Lubricants & Sabah Radiators.

Lubricants

**EXTREME PERFORMANCE
ENGINE OILS & LUBRICANTS**

www.exol.ae

Exol stands for Extreme Performance Engine Oils and Lubricants guaranteed to provide uncompromised service life no matter how extreme the conditions maybe, Exol will provide you the right solution for the any condition.

Production Facilities

Our State of the Art Production Facility is spread over an area of 21, 000 Sq.M. Our Annual Production capacity Exceeds 25,000 MT. The plant is extremely flexible and caters to providing customized solutions for all our customers and we are reputed for being a provider of world class lubricants. Our manufacturing plant is certified to ISO 9001:2008 standard. Exol Lubricants are made using only the Highest Quality of 100% Virgin base oils and internationally approved Afton additives of USA.

Exol Product Range

Exol Motor Oil

Exol Diesel Oil

Exol Motorcycle Oil

Exol Gear Oil

Exol Automatic
Transmission Fluid

Exol Hydraulic Oil

True to its name “MaxLife” is now an established Premium battery brand from Gulf Worldwide Distribution FZE Dubai. Produced by the best Quality Manufacturers in Korea, Malaysia, India & China. We offer the batteries in DC, SMF & GEL, Deep Cycle, VRLA Varieties for Automotive, LCVs, HCVs, 2/3 wheelers, Marine Solar, Inverters, Utility, sports & Industrial applications. MaxLife is our promise. We endeavour to provide Maximum Service Life no matter how extreme the climatic condition or demand of our customer worldwide

Maxlife Premium SMF - India

Introducing the PREMIUM range batteries from EXIDE Industries Limited for the customer Demanding Longer life Performance and Satisfaction, Battery can withstand the UAE environment and high under-bonnet temperature, Instant start every time: Good cranking power, Using the Latest Technological inputs they manufacturer batteries for the automotive, solar, telecom infrastructure projects, computer industries as well as the railways, mining and defence sector

Maxlife Gold - India

MaxLife Gold Batteries are manufactured by India's Largest battery manufacturer EXIDE Industries Limited, holding a share of over 70% of India's Branded Battery Business. The Batteries feature lead calcium expanded grids (Lead Calcium Technology) for improved resistance to corrosion, overcharging, gassing, water usage, self-discharge and thermal runaway, all which limit battery life in conventional lead acid batteries. The range includes batteries to suit cranking / starting (traditional automotive), high cycle, dual purpose starting / deep cycle and deep cycle applications.

Maxlife Gold Plus SMF - Korea

MaxLife Gold Plus Batteries are produced by world famous Hyundai Sungwoo Solite CO.,LTD -Korea These Batteries are made from calcium – lead alloy corrosion- resistant grids, to maximize corrosion resistance, increase service life and reduce water consumption for battery durability. Our SMF batteries are special designed sealed casing to resist shorts and active material shedding, minimizing self-discharge and gassing while also pro-longing shelf life of the battery. Available for Cars, LCV, HCV Marine for Japanese, European, Korean and American Applications.

Maxlife SMF - P.R.C.

MaxLife – SMF batteries coming from China are produced in State-Of-Art Manufacturing Unit having the latest Automatic Expander Technology used by only the best manufacturing Unit in the industry, over 10 million batteries sold worldwide per annum. Available in SMF/GEL technology for Cars, LCVs, HCVs Marine, VRLA, Deep Cycle, sports, Utility, Solar and Industrial Applications.

Maxlife Tubular - India

Maxlife Tubular batteries feature tubular grids and multi tube gauntlets that encapsulate the positive plates active material resulting in cyclic stability, much longer life and higher capacity than flat plate batteries. Ideal battery for Inverters & Home UPS, Data Center, General Purpose - UPS, Hospitals, Laboratories, Solar, Windmill Turbine, Emergency Light, Banks and other applications requiring high power back supply.

Maxlife Dry Charged - Malaysia

Our Complete ranges of Dry charge Batteries are made in Malaysia by one of the best Battery Manufacturer in the world. Our DC batteries are made from antimony lead alloy that are able to withstand high Temperature and heavy charge/ discharge characteristic. These batteries are made for heavy duty usage with our specially designed plates for automotive and marine applications worldwide.

PROBAT Batteries are produced by one of the world's largest Battery Manufacturer from Turkey and exporting to 90 different countries around the world, delivering High class Batteries as cost effective prices covering wide range of Automotive, HCV, DIN, Marine, Défense applications which include Gel, Lithium Ion, and the world's first Smart Battery equipped with microchip tracker.
