

Be confident you're fitting the best every time.

Whatever the car, you want to feel confident you've installed parts that won't let your customers down. As a reliable OE supplier we set our standards high, which means you work with quality parts that fit the repair at hand, every time.

Talk to SKF and keep your promises.

SKF®

SKF and Ferrari – a partnership spanning 70 years

Ferrari turned 70 in 2017 and SKF is celebrating as an official supplier and technical partner since the very beginning. A partnership that represents the longest uninterrupted technical cooperation in the history of Formula 1.

Find answers wherever you are.

SKF box labels have QR codes that let you access component data instantly. Fitting instructions and “how to” videos enable you to work more quickly and confidently on technical repairs.

Talk to SKF and find the support you need.

SKF®

Be confident you've got every repair challenge covered.

Whatever request you get, you need to be able to act quickly and efficiently. With SKF training sessions, promotional programs, troubleshooting guides and technical material, you can be confident you have the right tools and knowledge to do a good job.
